

Tele Academy 2010

TELE ACADEMY 2010 – ARAPAHOE BASIN – APRIL 16-18, 2010 – PSIA-RM
This is the first All Tele PSIA Event with the Nordic Team

This April's Tele Academy will feature ripping around with some of the region's and country's best tele'ers and instructors, a great chance to network and socialize with other Tele Professionals, improve your technique, teaching and technical understanding and a unique opportunity to help craft our message to PSIA members and the world.

Next January at the quadrennial Interski event hosted by one of the cradles of skiing, St. Anton, National teams from instructor associations from around the globe, will gather for indoor and on-snow presentations, sharing the best and latest in technique, teaching, and the state of our industry. The Nordic Team too will be bringing a PSIA message representing US perspectives on our sport and education. International perspectives broaden our sense of skiing's place, role and future, challenge our ways of thinking about skiing and teaching, and ultimately enrich what we bring to the lesson or the clinic.

Topics we're applying to present – focal points of Tele Academy Sessions: Rocker, Snow Tools, Teaching Tips/Teaching Models, Tele Matrix/Stepping Stones, Enhancing Learning/Cult of Connection, Managing Fear, Generations, and Independent Teaching Models.

Please join us for fun in the sun at the first-annual Tele Academy, hosted by Arapahoe Basin and PSIA-RM, April 15-18, 2010. Hope to ski you there!

The PSIA-RM Nordic and the PSIA Nordic Team
