

Instructor Teaching Workshop

Discipline: ALL

Time: 2 Days

Setting: Indoor

Course Description:

This course is a 2-day workshop design that aims to help instructors and trainers move their working understanding of EE to the next level.

The program methodology will be a robust combination of thought exchange, experimentation, examining new and old concepts and practices, and collaborative idea generation aiming to tune up our instructional practices to optimal levels of impact and effectiveness.

The desired workshop outcome is to ‘refresh’ what we think we know and believe about our profession, unafraid to change and innovate in the process to serve the workshop mantra of: Simplify, Amplify, Gamify!

Course Objectives:

1. Examine our current understanding of EE?
2. Identify best and worst practices of EE methodology?
3. Reflect on newest research in the fields of education, communication, motivation and sport psychology.
4. Explore how new insights enliven and fortify our routine instructional practices.
5. Take a hard look at how technology has and will influence our role as instructors.
6. Take stock of the changing role and skill sets of instructors moving into the future.
7. Capture and integrate new learning through robust discussion aiming lesson design and lesson practices that generate optimal satisfaction, engagement and results.

Materials:

- Show up ready to take notes
