

## ***Cross-Country Level 2 Prep Clinic***

Edited 8/22

### ***Prerequisite:***

- XC Level 1 certification or Level 2 certification in another discipline
- XC Level 1 E-Learning course highly recommended

### ***Course Description:***

This course is designed to help you improve and fine-tune your XC teaching skills, people skills, personal skiing and technical knowledge for both Classic and Skate technique. The course will help prepare you and is the prerequisite course for Level 2 Certification. The PSIA Cross Country Standards and Performance Guide will be covered. This clinic will also cover the XC Level 2 Certification Workbook. Please download the workbook from the PSIA-RM website, complete as much as possible and bring it to the clinic. The workbook can be found online and downloaded at:

<https://www.psia-rm.org/education/cross-country/>

Please become familiar with the following PSIA-Rocky Mountain XC Education Materials: *All below documents can be viewed/downloaded at:*
