

Snowboard Freestyle Specialist Exam Preview Level 2/3

Prerequisites: AASI/PSIA membership, Snowboard Level 1 certified, level 7 riders or above, and comfortable in the park and pipe.

Snowboard Freestyle Specialist Exam Preview (level 2/3)

This one-day clinic will cover all aspects of freestyle including a better understanding of the level 2 and 3 Freestyle specialist exam. They will spend time riding all different facets of freestyle such as jumps, rails/jibs, pipe, flatland and all-mountain. You will also explore different teaching progressions and movement analysis methods when in and outside the park. You will be given feedback where you currently stand within the level 2 or 3 Freestyle Specialist standard.

Please note specific characteristics of features are variable based on what is available from resort to resort. The clinic leader will do their best to choose features that are most appropriate to assessing the

skills relative to the standard. AASI-RM reserves the right to cancel this event when weather conditions require it.
