

## Telemark Level 2 Assessment Overview

### Prerequisites:

- Telemark Level 1 Certification or level 2 certification in another discipline. For details about skipping level 1, see: [Telemark – PSIA-RM](#)
- Complete Level 2 / 3 Workbook and turn in on first morning of assessment, see below
- Optional but highly recommended, attend a prep course, you can verify if you should skip the level one assessment during this event

### Assessment Description

The assessment process verifies your professional, people, teaching, and technical skills. You are evaluated according to the Learning Outcomes (LO) of the PSIA National Telemark Standards [Certification Standards & Performance Guides](#)

During this event, participants demonstrate their understanding of Professionalism, People Skills, Teaching Skills, and Technical Skills at the appropriate assessment level. Participants verify their Level 2 abilities by successfully demonstrating assessment activities meeting the assessment criteria found in the certification standards and on the assessment forms, see below.

### *Expectations for assessment day*

- Your assessors are here to help you succeed and learn
- You will be asked to:
  - Teach
  - Ski
  - Assess Movements and demonstrate your Technical Knowledge
- Practice Professionalism and People Skills, be an active learner and support the group
- We plan to finish by 4:30 each day
- Assessment evaluations are sent via E-mail from the PSIA-RM office
- Please take the time to fill out the Assessment evaluation. Help us to help you, We value your feedback

### *Tentative Agenda*

- 8:45 meet on snow. Check-in and turn in workbooks. After check-in: Introduction, overview of 2 days, personal goals, answer questions

### *Accomplishments during the two days*

- Learning Outcomes (LO): Learning outcomes represent what is to be achieved upon completion of each level of certification
- Assessment Criteria (AC): Assessment criteria outline performance details that specify to what level the learning outcomes have been met
- Assessment Activities (AA): the activities a candidate performs to demonstrate that the learning outcomes have been accomplished
- [Telemark Certification Standards](#)

Learning Outcomes and possible activities, for more assessment activities see below.

- **Professionalism**
  - LO: Contributes to a professional environment by managing their behaviors and emotions in response to others. See below for AC and performance guide
    - Was the workbook done on time?
    - Interaction with your peers
- **People Skills**
  - LO: Communication - Engages in and adapts verbal and non-verbal, two-way communication with individuals and subsets of the group
  - LO: Relationships with Others - Adapts to the motivations and emotions of individuals – and to the interpersonal dynamics within the group – to promote trust
    - Interaction with your peers
    - Listening skills
- **Teaching Skills**
  - LO: Assess and Plan: Plans learning outcomes and progressive learning experiences and adapts to the changing needs of intermediate students
  - LO: Implement: Facilitates learning experiences and adapts them as necessary to guide students toward agreed-upon outcomes and engage them in the process
  - LO: Reflect / Review: Helps students recognize, reflect upon, and assess experiences to apply understanding and performance changes to desired outcomes
    - Lead at least one 20-30 minute teaching sessions within the Intermediate Zone, topic of your choice with respect to the goals of your peers. Possibly a 10 minute teach, assigned by your assessors
    - A review with your assessors and/or peers immediately after your teach. May include discussion about assessing movements and technical understanding.

- **Technical Skills**

- LO: Skiing Performance: - Adjusts the blend of Telemark Skiing Fundamentals and tactics to demonstrate specific outcomes in intermediate and advanced terrain
  - Ski selected assessment activities, recommendations found in the Assessment Activities Checklist, see below. Any activity may be modified to allow you to demonstrate versatility, adaptability, and accuracy, and / or videoed and reviewed by your assessors.
- LO: Technical Understanding: Uses current PSIA resources to describe ideal performances, using two or more telemark fundamentals while considering tactics and equipment choices
  - A technical discussion with your assessors on selected topics. This discussion may take place at any time.
- LO: Movement Analysis: Articulates accurate cause-and-effect relationships of at least two telemark fundamentals through all phases of the turn, resulting in an effective prescription for change
  - Assessing movements may occur at any time on your peers, other skiers, or video. see MA format below
