

Telemark Level 2 and 3 Prep Clinic

Course Description

Take the guessing out of your certification preparation with this two-day clinic. Gain a clear understanding of what will be required to obtain a Telemark Level 2 or 3 Certification. This clinic will use the workbook and Level 2/3 scorecard to guide activities and discussion to help participants prepare and plan for their Level 2 or 3 Telemark Assessment event.

Learning Outcomes:

- Learn and practice skiing tasks/maneuvers for Level 2 or 3 Certification standard
- Explore progressions and methodologies for teaching Telemark skiing within the intermediate or advanced zones
- Expand technical knowledge and understanding through discussion
- Work through the Telemark Level 2/3 Certification Checklist to prepare for the assessment

Sample Learning Experiences:

- Explore level 2/3 certification tasks
- Video analysis, if available
- Practice applying the teaching model to meet the needs of the student
- Practice movement analysis on yourself and fellow participants

Materials Needed:

- Modern, ski-area Telemark equipment
- Telemark Level 2/3 Certification Workbook - download at the PSIA-RM web site

Telemark Fundamentals
